

# Alder Hey Academy

/ LEARN / SHARE / EXCEL

The Alder Hey Academy provides access to world-class healthcare education and training programmes delivered by some of the UK's leading experts in paediatric care, treatment, and services.

Housed in the iconic 'Institute in the Park' at Alder Hey Children's NHS Foundation Trust, the Alder Hey Academy offers education and training delivered in a purpose-built teaching environment with state of the art facilities and is linked to one of the busiest children's teaching hospitals in Europe.

## TRAINING THAT SUITS YOU

Here at Alder Hey Academy, we have an exciting programme of events and we are experts in delivering traditional, established and bespoke training opportunities for paediatric medical, nursing and healthcare professionals.

We offer:

### CLINICAL MASTERCLASSES IN SPECIALTIES SUCH AS:

Vestibular

Gastroenterology

Neurology

Cardiac

Surgery

Orthopaedics

Anaesthetics

Epilepsy

Mental Health

Mild Traumatic Head Injury (MTI)

Neurosurgery

Respiratory

- Short Courses
- Train-The-Trainer courses
- Paediatric Intensive Care Training for Qualified Nurses
- Resuscitation and Recovery training (APLS – Advanced Paediatric Life Support)
- Leadership and Global Child Health training
- Bespoke specialist training and education programmes which combine the short term benefits of training delivered in our UK specialist site or in-country with follow up in-country support to sustain learning
- Observership placements for clinical staff and healthcare management professionals
- Paediatric healthcare expert speakers for national or international conferences and seminars

The Academy also has excellent conference and meeting facilities that can be hired for private use by UK and international healthcare providers and associated businesses. We can also offer event management services to assist you in the efficient delivery of your training programmes and meetings.

## / CLINICAL OBSERVERSHIPS

The Alder Hey Academy offers Clinical Observership Programmes specifically designed for healthcare professionals who wish to observe modern paediatric clinical practice in one of the busiest children's hospitals in Europe, Alder Hey Children's NHS Foundation Trust. Programmes are designed for all child health professionals including doctors, nurses and allied health professionals.

**We have previously hosted doctors and nurses from:**

USA

Canada

China

Brazil

India

Malaysia

Egypt

Myanmar

Pakistan

Kenya

Nigeria

Europe

Albania

Zimbabwe

Nepal

## / A TRADITION OF INNOVATION

Established over 100 years ago, Alder Hey is a trusted provider of quality education and training to generations of UK and international healthcare professionals.

We are a long-standing teaching hospital with 100 years' experience of providing undergraduate and postgraduate medical education and nurse and health professional training with our academic partners The University of Liverpool, Liverpool John Moores University, the University of Central Lancashire, Edge Hill University and the University of Oxford.

Being located within Alder Hey Children's NHS Foundation Trust gives the Academy the advantage of having practising healthcare professionals on-hand to advise on course content and deliver comprehensive training to delegates.

The Academy team works hard with clinicians to ensure that the content of all training programmes successfully reflects the very latest thinking and innovative approaches to paediatric treatment and care.

**All of our recent clinical masterclasses have been rated as excellent by delegates.**
